

Karaganda Service Centre

Facility overview

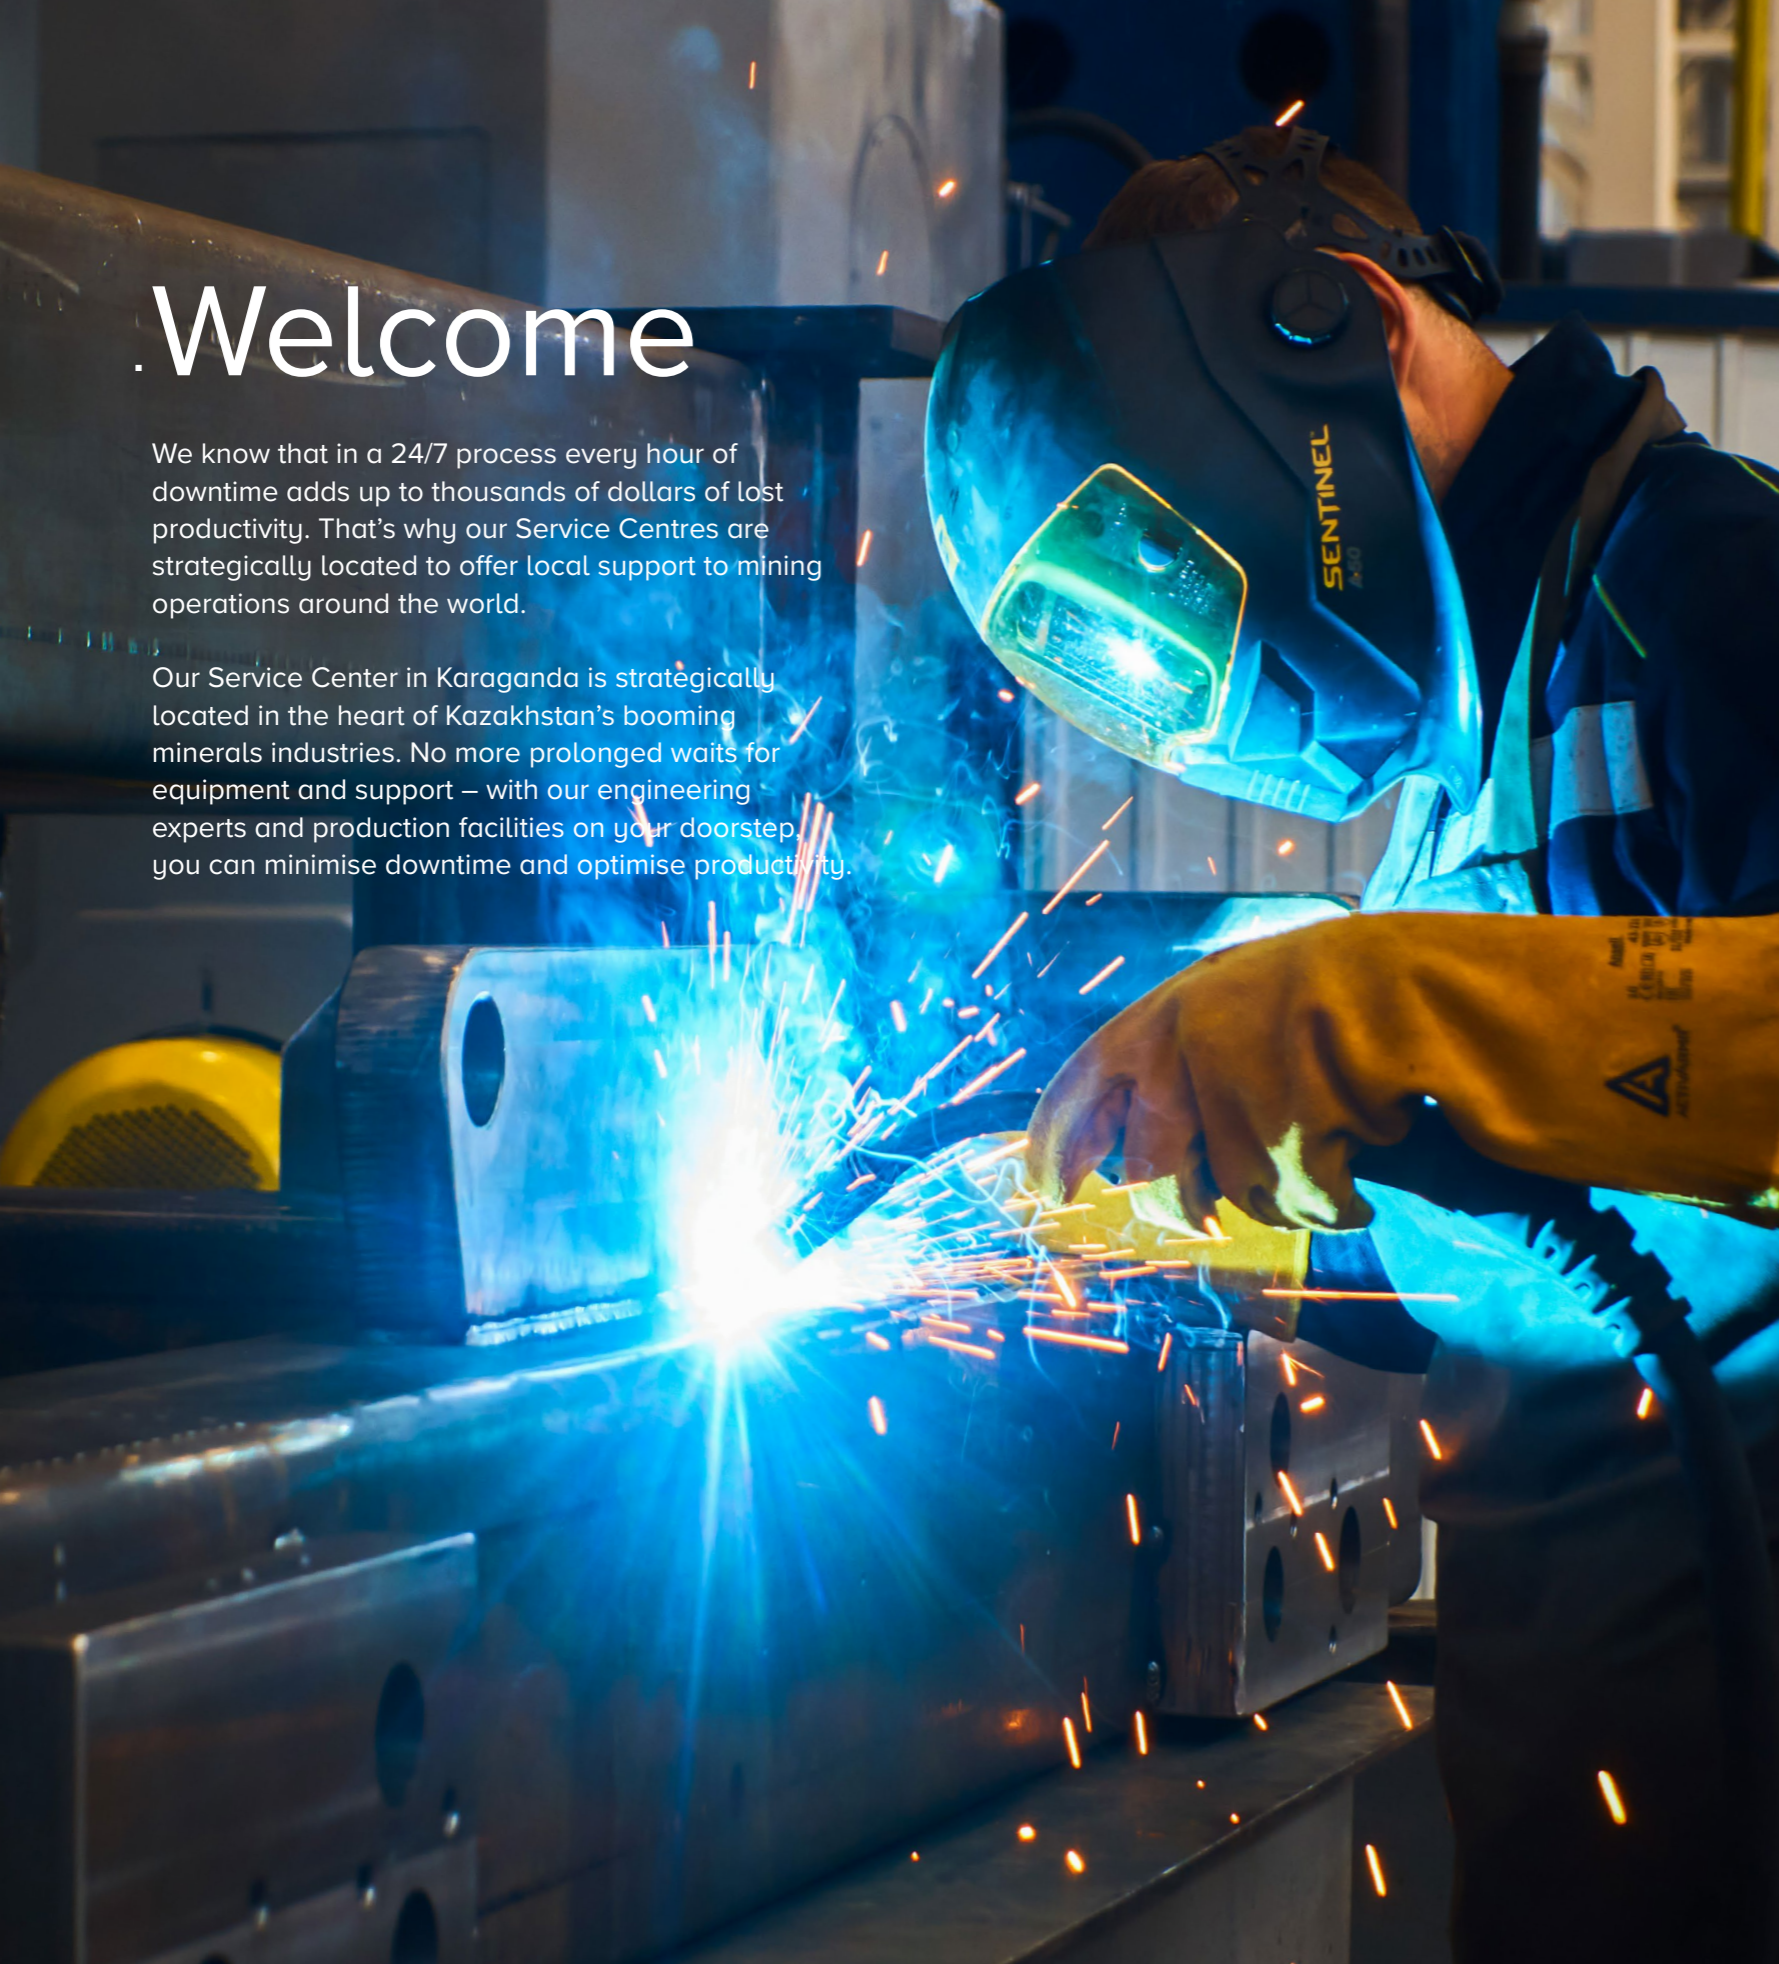

FLS

Welcome

We know that in a 24/7 process every hour of downtime adds up to thousands of dollars of lost productivity. That's why our Service Centres are strategically located to offer local support to mining operations around the world.

Our Service Center in Karaganda is strategically located in the heart of Kazakhstan's booming minerals industries. No more prolonged waits for equipment and support – with our engineering experts and production facilities on your doorstep, you can minimise downtime and optimise productivity.

Our Service Centres are here to support you with parts and technical expertise, wherever you are

Our service technicians can offer a quick response to all your maintenance and repair needs – whether you require parts, troubleshooting assistance, or just an expert pair of hands

One-stop-shop for performance improvement

From manufacturing basic components, to advanced repairs

Our bespoke training courses give local engineers enriching, hands-on experiences

State-of-the-art machinery enables us to carry out a complete range of services

Capabilities

Our Service Centres offer a wide range of services, including:

- Assembling, modifying, dismantling and upgrading your systems and components
- Custom service solutions to extend the life cycle of your systems
- Overhaul, repairs, renovations and exchange programs
- Supply of OEM-quality spare parts for machinery and equipment from FLS
- Local production of custom OEM-quality spare and wear parts
- Ad hoc fault identification and emergency repairs
- Regular maintenance or on-demand service for your plants
- Training and assessments

Our global network of experts is on standby to provide the required specialist knowledge, the right tools and high-quality OEM spare and wear parts – whatever you need. Our mining services include tasks like replacing strategically important spare and wear parts, maintenance work, servicing or complex ad hoc repairs
